

Name of Resource - The Way of Wisdom

Contact Person - Tony Thompson (tony@hopechurch.co.uk)

The book of Proverbs is full of practical wisdom, yet to often it feels a little overwhelming in its breadth. The book of daily readings is an invaluable tool to help us get to grips with the wisdom of Proverbs.

The book contains a years' worth of daily readings from Proverbs, grouped under various subject headings. It can be read as an individual or a group can all agree to buy and read the book. If done as a group time can be spent when you meet sharing about how you have applied what has been read since you last met.

If you are not in the habit of reading and meditating on Scripture every day this is a tremendous tool to help you get into the habit.
